## DENTAL COUNCIL OF INDIA

(Guidelines for Implementation of the  
Continuing Dental Education Regulations 2007)

(As approved by the Government of India vide  
its letter No. V-12016/1/2006-DE dated 18.2.2009)

The Government Regulation relating to the implementation of the Continuing Dental Education has already been circulated to all the concerned State Dental councils. It may be amplified that the initiative taken up by the DCI at the centre will need to be implemented in the 29 states of the Indian Republic through the active participation and cooperation of the State Dental Councils, duly assisted by the Directors of Medical Education of the respective states through the office of the DGHS, Govt. of India.

In this regard the attention of the state dental councils is drawn to the fact that they may initiate necessary action with the State governments / legislature to bring about a uniform system of licensure and renewal which can then be merged with the CDE regulations.

The first cycle of implementation of the CDE process may be for a period of five years i.e. w.e.f. 01<sup>st</sup> January 2009 to 31<sup>st</sup> December 2013. The method of on-line registration of new dentists and renewal of the registration of the dentists in the State, duly linked with the Central body so that the data readily available is to be encouraged.

The first phase of implementation is voluntary and the State Dental Councils may please be advised that no Dentist should be debarred from registration or licensure in the event of his or her not being able to accrue the necessary points in this period. Special attention may be directed to the dentists registered under Part B of the schedule. The intention is to encourage and promote CDE and not punish.

The DCI has taken up the matter with the DGHS, Min of H& FW to issue necessary directions to the Directors of Medical Education of the states to assist the State dental Councils in the creation of CDE program approval who will help to screen the content and Bio data of the CDE providers in order to allot CDE credits as approved by the Regulations. They will also assist the State Dental Councils in organizing the 4 verifiable hours of CDE.

The Constitution of the State Program Approval Bodies i.e.:

- |    |  |                                |
|----|--|--------------------------------|
| 1  | President / Secretary<br>State Dental Council                    | .....ex officio<br>Chairperson |
| 2. | The Director Medical<br>Education / or Nominees                  | .....Member                    |
| 3. | The Dean / Principal of any of<br>the State Govt. Dental College | .....Member                    |
| 4. | The eminent Dentist of the<br>concerned State                    | .....Member                    |

The said bodies can be appointed on a tenurable basis

The disputes or clarification if any may be referred to the Sub Committee of the DCI already appointed at the centre. In the event workload needing to be equitably distributed subsequent zonal approval bodies may be appointed in the future
